

BANKING IS CHANGING

See how banking is changing for the better with Unity Trust Bank

Join Sarah Johnson (Local Council Relationship Manager) and Chris McCourt (Head of User Experience) in a short session to see how their project team is making a number of changes to Unity Trust Bank's banking proposition for Parish/Town/Community Councils.

With the aim of making the whole experience easier, faster and less challenging, Sarah and Chris will also be taking Q & A's and feedback to ensure that the revised package evidences the bank's continued support of the sector when launched later in the year.

Thursday 16th May
6.30pm
